If You Are an *Existing* Kroger EDI Trading Partner:

- **Expect to receive EDI Purchase Orders for the Oconomowoc DC as early as September 8, 2018, for deliveries after September 8, 2018.** The EDI PO's will transmit from Kroger EDI ISA/QAL: 9254110060/08 and GS ID of 5137624388 listing the same standard and version as other Kroger DC PO's and invoices sent to your company.
- If your company exchanges 850 Purchase Orders and 810 invoices with Kroger, then the Oconomowoc orders/invoices will be 850/810 (Standards: X12 and version 005010). If your company exchanges 875 Purchase Orders and 880 invoices with Kroger, then the Oconomowoc orders/invoices will be 875/880 (Standards: UCS and version 005010UCS).
- Once you begin receiving the EDI PO's from Kroger EDI, EDI invoices MUST be sent BACK to Kroger EDI.
- **It is imperative you use your existing Kroger EDI partnership to exchange transactions for the Oconomowoc frozen items ordered from the Kroger OLP system.**
- **All invoices with delivery dates of September 8, 2018 or later must be transmitted to Kroger EDI with the new Ship-To and Bill-To DUNS numbers. Failure to prepare your systems may impact or jeopardize invoice processing and payment.**
- Please direct questions regarding items and vendors to the Roundy's buyer(s) or category manager.

If You Are *New* Kroger EDI Trading Partner:

- All suppliers who are new to Kroger must establish an EDI relationship with Kroger's EDI system before EDI Purchase Orders can be transmitted from Kroger EDI to your company.
- If you deliver frozen items to the Oconomowoc DC, but are NOT currently exchanging EDI documents with Kroger's EDI ISA/QAL: 9254110060/08, please submit a 'New Partner Setup Form' at our EDI website by clicking [here](#).
